The use of lost of Crops land - safety to families and livestock.

Hampton • Rochester • La Crosse 345 kV Transmission Project

If you own property in one of the proposed corridors, please indicate all the existing uses of your property below:

- ☒ Agriculture ☒ Residential ☐ Conservation Easement
☐ Commercial ☐ Industrial ☐ Other: _____

Please describe any special uses or circumstances on your property that should be considered when assessing the Project. Please indicate the location of your property.

We have good farm land. Remember we would be feeding the world. It is a great blessing in the spring to see the crops planted, watch them grow for harvest and the land getting ready for winter. The wonderful seasons to watch and be close to.

In your opinion, what are the most sensitive resources (biological, cultural, recreational, ect.) in the Project area and why?

In your opinion, was the project description, purpose, and need for the project adequately explained? If not, what additional information is needed?

3 With all of us using less electricity trying to go green - our cost of electric power is higher for less use. I think we have a long way to educate people to go green, but the path would be better for it

Please tell us how to reach you.
